

“REEF NATURE” RANGE

MARINE START

- Chemically induces nitrifying bacteria into a filter system by creating ammonia and then nitrite conditions that lead to the development of nitrifying bacteria.
- Start up a new marine aquarium without putting precious live stock at risk.
- Safe biological induction.
- Add 1mL per 20 litres each day for seven days.

CODE	SIZE	Ctn

RN122	100mL	30
RN142	250mL	30
RN162	1L	9
RN182	5L	2
RN202	20L	Drum

SEAFOOD

- A premium liquid coral and invertebrate food, containing a smorgasbord of food particles that stay in suspension for a long period of time.
- No harmful preservatives
- 5mL per 200 litres of aquarium water

CODE	SIZE	Ctn
RN123	100mL	30
RN143	250mL	30
RN163	1L	9
RN183	5L	2
RN203	20L	Drum

REEFOAM

- A liquid foaming agent for protein skimmers.
- Increases cleaning ability of skimmers, resulting in cleaner water.
- Will not affect tank inhabitants or water parameters.
- Use 5mL per 40 litres of aquarium water
