

## CLEAR PVC PIPE AND FITTINGS

- Use economical short lengths to see the degree of microbial growth inside the piping.
- Build entire clear systems for research, prototypes, oxygen saturators, etc.
- Fully compatible with regular Schedule 40 PVC pipe fittings.
- Install with regular PVC cement (page 96).
- Use compression couplings, flexible couplings or unions to facilitate cleaning.
- Sold by the metre, 3m maximum length.

## CLEAR PVC PIPE

CODE	SIZE	MAX PSI
C100	15mm	300
C101	20mm	240
C102	25mm	220
C103	32mm	180
C104	40mm	170
C105	50mm	140
C106	80mm	130
C107	100mm	110
C108	6"(imperial sizing only)	45

## TEES

CODE	SIZE
C401005	15mm
C401007	20mm
C401010	25mm
C401015	40mm
C401020	50mm

## COUPLINGS
