Dear Valued Customer,

To keep you up to date with our new products, please see our supplement which contains new product ranges that we can offer you that are not included in our current catalogue.

We are continuing to source for you the latest products available in the aquaculture industry worldwide. Along with the latest products we can also keep you up to date with the newest technology and designs in our industry.

I would like to also give you a few special features regarding our web site – www.aquasonic.com.au

1. All new products are displayed on the web site
2. Apply for a user name and password to see latest prices and to download price lists.
3. Download catalogue
4. View our monthly specials
5. View super clearance specials throughout the year

Also included in this supplement is a form to apply for a new catalogue, a form to apply for a user name and password to allow you to view prices and an order form.

We are currently working on our new catalogue, which promises to be better than ever. It is hoped to be available to you by August - September 2010.

Thank you for your continuing support and all of the team at Aquasonic are here to help you.

Sincerely
 Susan Carson
 (Owner/Director)
