

SILICONE AIRLINE 4MM

Soft natural silicon airline

CODE	DESCRIPTION
AP139	100m roll
AP141	200m roll

POINT FOUR CMBD MODULAR ECONOMY DIFFUSERS

- Economical to purchase
- Modular, simply screw together for larger installations
- Comes with the same high quality ceramic diffuser plate, in an economic construction

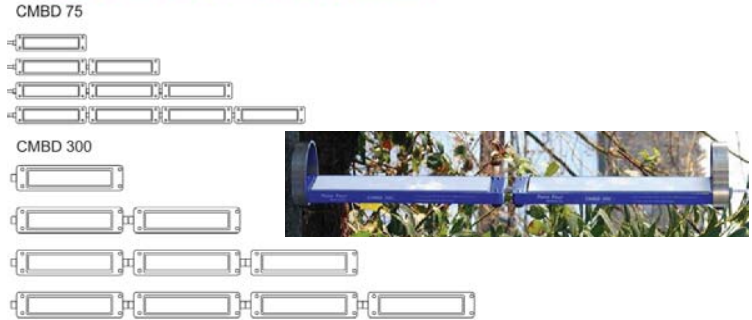

CODE	DESCRIPTION
CMBD75	Micro Bubble Diffuser 0.75LPM
CMBD300	Micro Bubble Diffuser 3LPM

SPECIFICATIONS

Model	CMBD75	CMBD300
Diffusing area	6" x 1 1/8" (15cm x 3cm)	12 1/8" x 2 3/8" (31cm x 6cm)
Overall Size	8 5/8" x 3/4" (22 cm x 1.9cm)	15" x 3/4" (38cm x 1.9cm)
Weight	1 LBS (0.45kg)	3 LBS (1.36kg)
Recommended Operating Range	up to 0.75 LPM (1.6 SCFH)	up to 3 LPM (6.5 SCFH)
Maximum flow rate @ 50psi (3.5bar)	2.2 LPM (9.5 SCFH)	9 LPM (19 SCFH)
Gas Inlet	1/4" Hose Barb	1/4" NPT Female
Bubbling Pressure	25 to 35 PSI (1.7 to 2.4 bar)	25 to 35 PSI (1.7 to 2.4 bar)

CMBD MODULAR CONFIGURATION

AIR DOME BOTTOM DRAIN - NEW

- For use in fish and Koi ponds, the base is designed to be weighted so the entire water column is oxygenated and provides bottom to top circulation
- Provides aeration while improving the bottom cleaning action of the drain
- A rubber ring around the base helps protect fish from injury
- Features a 80mm bottom drain with a 250mm disc diffuser
- The action of bubbles rising from the diffuser helps bring debris to the centre drain, making an efficient drainage system.

CODE	DESCRIPTION
ABD125	Aeration bottom drain

YARDMILLS - BACKYARD AERATING WINDMILLS BY KOENDERS

- A proven low-maintenance, low cost, highly effective method of maintaining water quality!
- Backyard windmills are designed to be a decorative or ornamental windmill as well as functioning as small pond windmill aeration system.
- Available as the standard windmill for people who do not have a pond wanting a decorative windmill for their garden or backyard setting, or upgradable (with the aeration conversion kit) to function as an aerating windmill for small Koi and decorative ornamental ponds.
- Functions completely on air, no electricity required
- 11 ft tall, looks great beside a pond or in a garden in your backyard.
- Sturdy four legged tower design
- Anchoring stakes provided for easy install
- Pre-assembled 27" fan for ease of construction
- Optional conversion aeration kit that attaches to the windmill making it a functional aeration system (sold separately)
- Conversion aeration kit comes with diaphragm style compressor, 15' of weighted - self sinking air line, 35' Ft of regular air line and an air stone diffuser
- Aeration systems produces up to 8.5lpm at up to 6 PSI
- One year warranty
- Double bearing diaphragm pump
- Comes in multiple decorative and non rust options - galvanized steel - Powder coated colors available: Red & White, Bronze, Green & Yellow
- Ideally suited for small fish and garden ponds that are the size of a backyard pool

KAMAIR DIAPHRAGM AIR PUMP

Low noise, robust, weather resistant. Aluminium housing for better ventilation, and easy maintenance. Thermal protection device applied in each model.

One year warranty.
