

WATERCO HYDROSTAR MK3

- Quiet operation for high flow and high pressure applications.
- Single moulded 6 litre strainer basket and internal independent volute.
- Volute reduces restriction and turbulence, resulting in a higher efficiency.
- Fan cooled motor.
- 80mm barrel union inlet and outlet slip fittings.

CODE	DESCRIPTION	AMPS/WATTS	LPH	INLET/OUTLET
W240440033	Hydrostar MKIII 4HP 3 PHASE	5.4/3200	56400 @ 5m	80mm/80mm
W240450033	Hydrostar MKIII 5HP 3 PHASE	6/3800	63600 @ 5m	80mm/80mm
W240460033	Hydrostar MKIII 6HP 3 PHASE	7.2/4400	74400 @ 5m	80mm/80mm
W240470033	Hydrostar MKIII 7HP 3 PHASE	8.5/5200	76800 @ 7m	80mm/80mm

Upgrade to silica carbide seals for saltwater use available on request

WATERCO HYDROSTEEL STAINLESS STEEL PUMP

- Huge 8.8L strainer basket constructed from glass filled thermoplastic.
- Impeller and volute are constructed from 316 grade stainless steel.
- Fan cooled motor.
- 80mm fittings in either screw fittings or barrel union slip fittings.

CODE	DESCRIPTION	AMPS/WATTS	LPH	INLET/OUTLET
2408400	400F (flange type) 3" 3 PHASE	5.5/3650	60000 @ 5m	80mm / 80mm
2408401	400S (screw type) 3" 3 PHASE	5.5/3650	60000 @ 5m	80mm / 80mm
2408550	500F (flange type) 3" 3 PHASE	10.2/6810	96000 @ 13m	80mm / 80mm
2408551	500F (screw type) 3" 3 PHASE	10.2/6810	96000 @ 13m	80mm / 80mm

WATERCO PERISTALTIC DOSING PUMP

- Perfect for continuous addition of algae, chlorine, acid, calcium, carbonate hardness generator (mixed into a liquid form for pH control) or any other liquid supplements.
- Can be wired up to a pH/ORP or conductivity controller for automated input of pH buffering solution or regulation of hardness or conductivity.
- Large LED display. Weather proof ABS enclosure, water resistant to IP25 standards.
- Adjustable pump control for fine tuned dosing.
- 240V AC power.
- Dosing rates: small tube, 0.3L/hr, large tube, 1.0L/hr. Set to 'ON' continuously: small tube, 1.8L/hr, large tube 6.1L/hr.

2 year warranty
